

arcasia
Architects Regional Council Asia

arcasia objectives

- To **unite** on a democratic basis and to foster friendly, intellectual, artistic, educational and scientific ties among National Institutes of Architects in the Asian Region.

To foster and **maintain** professional contacts, **mutual cooperation** and assistance among Member Institutes.

To **represent** architectural institutes of member countries at **Inter-Regional level**.

To promote the **recognition of the architect's role** in society.

To promote the development and **education of architects to serve society**.

To promote research and **technical advancement** in the field of the built environment.

To arrange for the publication of any matter likely to promote **knowledge of work, theory, law and practice** relating to the building industry and professionals allied thereto.

To provide a **forum** for member Institutes, government agencies and allied professional organizations for the discussion of problems of common interest and seek solutions to these problems which would contribute to the advancement of the profession and the development of Architecture relevant to the culture and aspirations of the Asian people.

To establish direct **linkages between ARCASIA and other regional organizations**, government agencies of Asian region, agencies of the United Nations Organization, inter-regional associations and transnational corporations for interchanges of technical and scientific matters between countries and regional organizations; and acquiring assistance in promoting the objectives of ARCASIA as representing the Regional Council for Asian architects.

arcasia objectives

- To **unite** and establish **mutual cooperation** and **represent** ourselves at **Inter-Regional level**

(To promote the recognition of the architect's role in society)

To **educate** ourselves **to serve society**, thus the **architects role** may **recognised** due to our contributions

To embrace **technical advancement** and promote **knowledge of work, theory, law and practice** relating to the building industry and professionals allied

- To provide a **forum** between architects and all beyond our circle
- To **link Asia** with other regional and international bodies of architects
