COVID-19 PANDEMIC REGIONAL RESPONSE BY THE BUILDING INDUSTRY
14 OCTOBER 2021 THURSDAY 2.00PM - 4.00PM

As professionals, Architects have witnessed the global COVID-19 pandemic, started in early 2020 and it still continues worldwide. Countries have initiated lockdown and movement control with strict government orders to mitigate and curb the spread of the virus. Challenges in the recovery and rebuilding the backbone and wellbeing of the building industry is what we are facing now. The construction industry is the largest employer, creating jobs and driving growth in the economy. It is the backbone of the nation to meet the needs of the people. Challenges in the recovery and rebuilding the backbone and wellbeing of the building industry is what we are facing now. The construction industry is the largest employer, creating jobs and driving growth in the economy. It is the backbone of the nation to meet the needs of the people.
