## **RECENT PROGRESS**

### Members

Members of *IAI* until November 2015 are 16,227 and still growing in under The Construction Services Act 1999 that all projects have to be undertaken by certified architects.

### Registered Architect

Currently, the numbers of certified & registered architects are 3,386 and are growing at the average of 6 numbers monthly.

### License

A License for practicing architect (SIBP/IPTB) will be applied in all regions throughout Indonesia, of which currently only Jakarta, Surabaya and Batam municipality are implementing the regulation. Licensure regulation is now enhanced by the issuance of local Building Codes in 317 of 514 Municipalities & District all over Indonesia. *IAI* is now in progress in helping the Government on providing Building Advisory Council (TABG) in each provinces under The Building Act 2002.

## ANNUAL MEETING

- At least once a year, Annual Chapters Executives Meeting held in cities in the chapters.
- Next Annual Chapters Executives Meeting will be held in the end of January 2016 in Kupang (East Nusa Tenggara)
- National Members Meeting will be held annually, along with Annual Chapters Executives Meeting. This plan is to be held after Kupang Annual Chapters Executives Meeting.
- National Convention will be held in three yearly.

## LEGAL STATUS OF THE INSTITUTE

The Indonesian Institute of Architects (*Ikatan Arsitek Indonesia / IAI*) is a registered non-profit and non-governmental organization.

## LEGAL STATUS OF THE ARCHITECTS

The profession of architect is stipulated in the Construction Services Act and Building Act whereas architecture is as well stipulated in the Intellectual Property Right Act. However, those Acts do not comprehensively regulate the profession. Therefore recently IAI strongly supports the preparation of an Architect's Act which is an initiative of the Parliament.

*IAI* as the main resource provides information on architect, architecture, architectural practices, comparative studies, as well as inputs for the academic paper and draft of the Act. The Act was schedule to be issued in early 2016, but it has been postponed due several reasons by the Parliament. Some hearings between *IAI* and member of the Parliament still have to be done.

## MEMBERSHIP FEES

### Annual Membership Fees

Member	Rp. 150,000	approx. US\$ 10.94
Professional Member	Rp. 250,000	approx. US\$ 18.23
