URBAN THINKER CAMPUS

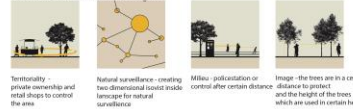

# IDEA COMPETITION ON OLD AIRPORT SITE. TEJGAON, DHAKA

## (LAND+TASK) SCAPE

CREATING AN URBAN OASIS  
TEJGAON OLD AIRPORT, DHAKA

**Taskscape** - this is a socially constructed space of human activity, landscape or use as landscape. It is considered as a perceptible in process rather than in a state of relative immutability. The field is open and the landscape is considered as a spatial situation where the temporal landscape and spatial situation are considered as a process.

### CPFD and defensible space incorporation

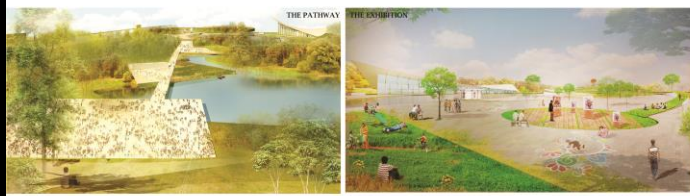

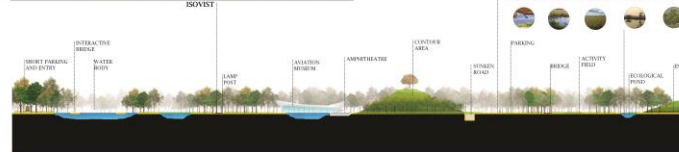

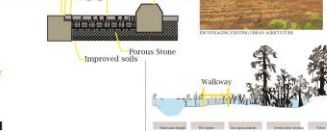

**Territoriality** - private ownership and retail shops to control the area

**Natural surveillance** - creating three-dimensional landscape for natural surveillance

**Milieu** - judicious use of distance to protect and control

**Image** - the trees in a certain distance to protect and the height of the trees, which are used in certain height
