THEME

**A Modernism Challenge:
Asian Cities and Architecture Heritage
in A New Paradigm**

21st Century is Asian Century
Asia is known to have rich culture and architecture
Asia is a Cultural Otherness

Modern architecture is growing rapidly
Practice of architects across national boundaries
Cross-border practices bringing the benefits as well as threats

Are the cities and architecture in Asia will be developed
based on its own culture?
Is the wisdom of the past will survive and enrich the future of Asia?

CITY | ARCHITECTURE | CROSS BORDER PRACTICE
