LEGAL STATUS OF THE INSTITUTE

The Indonesian Institute of Architects is a registered non-profit and non-governmental organization.

LEGAL STATUS OF THE ARCHITECTS

The profession of architect is stipulated in the Construction Services Act and Building Act whereas architecture is as well stipulated in the Intellectual Property Right Act. However, those Acts do not comprehensively regulate the profession. Therefore recently IAI strongly supports the preparation of an Architect's Act which is an initiative of the Parliament.

IAI as the main resource provides information on architect, architecture, architectural practices, comparative studies, as well as inputs for the academic paper and draft of the Act. The Act is schedule to be issued in mid 2012.
