

ARCASIA President's Report

-ARCASIA 10 Year Plan.

In order for ARCASIA to move forward and grow in the next 10 years.
We must consider the following:

Objectives

GROWTH IN SIZE

GROWTH IN QUALITY

GROWTH IN IMPORTANCE

GROWTH IN FINANCE

GROWTH IN SIZE (2011)

1.1 Current situation:ARCASIA currently has 17 member Associations.

1.2 New Membership:ALACE (Association of Laos Architects and Civil Engineers)

1.3 Future Membership:Cambodia and Chinese Taipei are in the process of submitting letters of application.

1.4 Potential New Members:Myanmar, Brunei, Bhutan, Maldives, and others.

How to Increase: ARCASIA member countries can contact potential new member associations to gauge their readiness and apply for membership.

Current situation

Welcome 19 Member institutes with the latest addition Bhutan Institute of Architects, joining ARCASIA (2013 in Kathmandu, Nepal during President Tan Pei Ing Administration)

-Myanmar, Brunei, Chinese, Taipei and North Korea are considering joining ARCASIA

GROWTH IN QUALITY (2011)

Goal: To elevate the standard of Professional Practice for each member institute.

2.1 Current situation: ARCASIA has initiated excellent programs such as:

- ARCASIA Award for Design Excellence
- ARCASIA Committee on Professional Practice (ACPP)
- ARCASIA Committee on Green and Sustainable Architecture (ACGSA)
- ARCASIA Committee on Architectural Education (ACAE)

How to Improve: Encourage more in depth and frequent discussions during Zonal meetings held throughout the year. The meeting should emphasize issues facing each institute and how best to help each other solve these issues.

Current situation

-Set up ACSR in 2011, Head by Ar. Joseph Kwan HKIA.

-Ar. Tan Pei Ing has taken issues of Social Responsibility as her focus.

-Initiated ACSR Seminar as part of ARCASIA Congress and Forum

-ACSR Charter signed by all 19 Institutes.

-New Committee for Young Architects: ACYA was created in 2014.

Headed by Ar. Fawad Suhail Abbasi to rejuvenate ARCASIA.

-GROWTH IN IMPORTANCE (2011)

Goal : To be respected in the world stage.

How : ARCASIA should associate with other organizations when conducting exhibitions and seminars. In doing so, ARCASIA will be more relevant in the “World Stage”.

Examples of cooperation with: Habitat for Humanities, Asia Disaster Preparedness Center, UN Habitat, UNESCO, UIA, etc.

ARCASIA website can be linked to these organizations to help promote joint activities with our counterparts as well.

Current situation

Reach out to other world and regional organizations.

Disaster in Asian countries have given ARCASIA an impetus to reach out to other organizations, ie,

-ARCASIA and ADPC MOU Signing

-Architects Foundation to help raise funds for post disaster assistance, management, and mitigation.

-GROWTH IN FINANCE (2011)

Sponsorship and Fund Raising

ARCASIA must be financially stable and strong in order to initiate various programs, exhibitions and seminars for our members..

How: ARCASIA can seek financing from corporate sponsorship as ARCASIA partners. The sponsorship can be categorized into Platinum, gold, and silver packages with benefits to have advertising spaces in back drop of ARCASIA events, logos in ARCASIA Magazines (Architecture Asia) and or ARCASIA websites etc.

Current situation

ARCASIA Sponsorship package have been established
and now the revision to be approved

During The Term 2015-2016

Proposed Projects in my mission statement

- Cross Border Student Training.
- Architecture Teacher by (AAM and IAP)
- ARCASIA Committee for Young Architects
Project:ARCASIA Travel Prize
