Dear Huajing Wen

Greetings,

In continuation of your trailing mail dated 8 September, 2020 I have gone through the list all over again & was able to identify the additional four entries as per attachment. Namely

369	Preeti
753	Raja Krishnan
965	SPACE
1094	Manisha

The membership certificates of the above entries are checked & verified.

As regards other entries they may be from the non members or even non architects & therefore as per our Institutes policy, we refuse to even consider their case for recommending for Arcasia Awards. We expect the organizers will have due respect to our well considered policy which has been in practice in the best interest of the institute & will disqualify the entries from India not recommended by us.

Regards

Divya Kush

Dear President Divya KUSH,

Thank you for your prompt reply.

However, when I checked the back end, I found that some architects disqualified by IIA seem to have valid registration certificate (if I understood wrongly please forgive me).

Please note that this year the individual IIA membership CANNOT be regarded as proof of eligibility, according to ARCASIA.

The only eligible certificates should be:

1. For individual applicants: certificate of registered architect issued by relevant governmental department of your country.
2. For group/firm applicants: business license indicating main business is architectural design or consultancy, or corporate membership of IIA (if applicable)

We kindly ask IIA to go back and double check, and provide us the final list. Sorry for miscommunication.

Best regards,
Huajing Wen

Subject: Re: Re:Important: Certificate Verification of AAA 2020

Dear Huajing Wen,

Greetings

Reference your trailing mail, instead of 26 entries mentioned by you, we have been able to identify 39 entries from India out of which this is to confirm that, the authors of the 28 entries for AAA 2020 are members of IIA & their certificates are valid & verified. However 11 entries are submitted by persons / firms who are not the members of IIA as such the same may not be considered by the Jury for the awards.

The list of valid & verified entries along with unverified entries is attached herewith.

In the event, we have still missed any entry from India beyond the 39 entries mentioned only those entries may be intimated to us so that, we may verify the same promptly.

With kind regards,

Divya Kush
President, IIA

Attachment : As above

Dear President Divya Kush,

Thank you for your email.

I have verified the entries from IIA at the back end. However, I found 9 more entries from India who are not in your previous list.

Instead of 17, there are 26 entries from India in total. Please refer to 'Country' instead of 'Member Institue' since there are some errors in displaying.

We kindly ask you to verify those 9 entries as well and update the Excel list.

Attached capture of 9 unverified entries for your reference.

Many thanks and best regards,
Huajing Wen

Dear Huajing

Greetings

I ,will appreciate if you could do it & double check if necessary. Important thing would be to see that no entry is left unverified.
