Hong Kong September 2016
As a long term objective it was decided to set up a taskforce to look back into the essence of what has transpired over the years in terms of green building techniques, inherent in traditional localized architecture and its use in architectural typologies. It was suggested to provide a publication on the subject in the future with ACGSA as the platform.

Chairman Qazi M Arif was requested in Colombo to propose a team to carry forward the task. He has reported this idea to the OB and now presenting to the council.

**Proposed Committee:**
Ar. Qazi M Arif - IAB  
Ar. Debatosh Sahu - IIA  
Ar. Bernard Gomez - SLIA  
Ar. Acharawan Chutarat - ASA  
Ar. Michaela Rosette Santos - UAP  
Ar. Amina Qayyum Mirza - IAP
