

On behalf of ARCASIA, I extend my warmest congratulations to the 25 authors whose research papers have been selected for presentation at ACA20. This achievement is a testament to your dedication, insightful research, and significant contributions to the field of architecture. Your work represents the pinnacle of scholarly achievement within our community.

I am confident that the delegates attending ACA20 will greatly benefit from the knowledge and perspectives shared in these outstanding papers. May this congress serve as a platform for enriching discussions, fostering collaboration, and inspiring future research endeavors. I wish you all a successful presentation and a rewarding experience at ACA20.

With utmost respect and enthusiasm.

Dr. Abu Sayeed M Ahmed  
President, ARCASIA

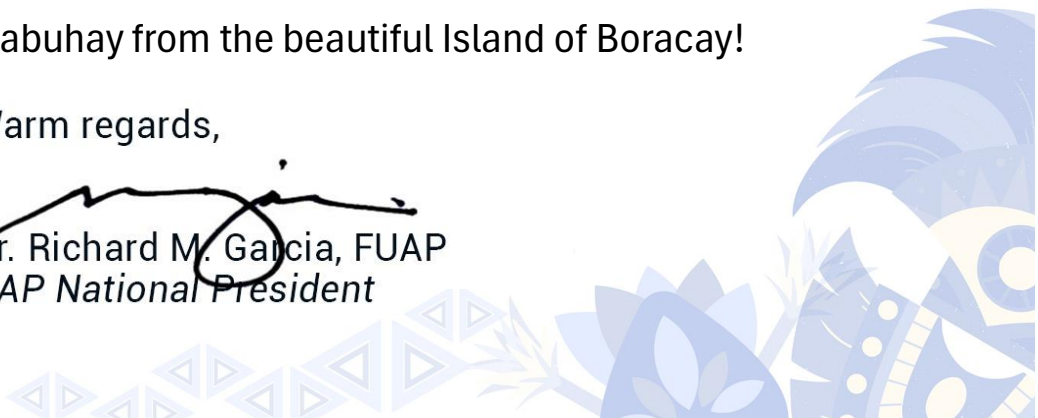

To the twenty-five researchers whose exceptional work has been selected for publication in the ACAE online journal: Congratulations! Your acceptance represents a significant achievement, recognizing the highest standards of scholarship and innovative thought within the field of architecture. The rigorous selection process underscores the exceptional quality of your research and its contribution to the advancement of architectural knowledge.

We are delighted to share your groundbreaking work with the wider architectural community through this prestigious online platform. We anticipate your papers will be widely read, discussed, and cited, furthering the important conversations shaping the future of our discipline.

Mabuhay from the beautiful Island of Boracay!

Warm regards,

  
Ar. Richard M. Garcia, FUAP  
UAP National President

As we celebrate the publication of twenty-five outstanding research papers in the ACAE online journal, I extend my warmest congratulations to the authors. Their work embodies the spirit of "Paghahabi: Weaving a Future-Ready Environment," our ACA20 theme which holds profound significance, as it reflects our collective vision to transcend boundaries and navigate complex challenges through resilience, adaptability, and innovation. These represent the very best in architectural scholarship and will contribute significantly to the weaving of a future-ready architectural practice.

I encourage you all to explore these invaluable contributions, which are instrumental in charting the course for a brighter tomorrow. Let us continue to weave together our expertise, ideas, and experiences to build a more resilient and sustainable future for architecture, not just in Asia, but globally.'

Ar. Jonathan V. Manalad, PhD, UAP  
ACA 20 Convenor
