ARCASIA COMMITTEE ON
SOCIAL RESPONSIBILITY

ACSR REPORT for 44th COUNCIL MEETING

Ar. FARHANA SHARMIN EMU | ACSR Chair 2024-25

44th COUNCIL MEETING | 15 & 16 January 2025 | Colombo, SRI LANKA

SUMMERY OF THE COMMITTEE MEETING

The meeting was held at 4:00 pm Malaysian time, 27 th March, Wednesday 2024

36 ACSR members joined.

SUMMARY OF THE COMMITTEE MEETING

- The meeting came to a decision to form a **Taskforce to review the Charter** .
The Task force of 9 volunteer members worked under the supervision from two past Chairs Ar. Joseph and Ar. Sudhir and the present Committee Chair Ar. Emu.
- The committee agreed to continue with the 02 [two] council approved groups :
 1. ARCASIA Emergency Architects **AEA** &
 2. ARCASIA Heritage Preservation Group **AHPG** and others as tasks
 3. Task01: ARCASIA Architects with Marginalized Communities
 4. Task02: ARCASIA Universal Design and
 5. Task03: ARCASIA Wellness Design
- **The committee also decided upon the timeline of the taskforce and made it certain that it will sign the charter by member institutes on the next council meeting.**

**PANEL OF ACSR ADVISORS
THE PAST CHAIRPERSONS , ACSR**

**Ar. Joseph Kwan
2011-2014**

**Ar. Rita Soh
2015-2016**

**Ar Sudhir Balakrishnan Pillai
2017-2018**

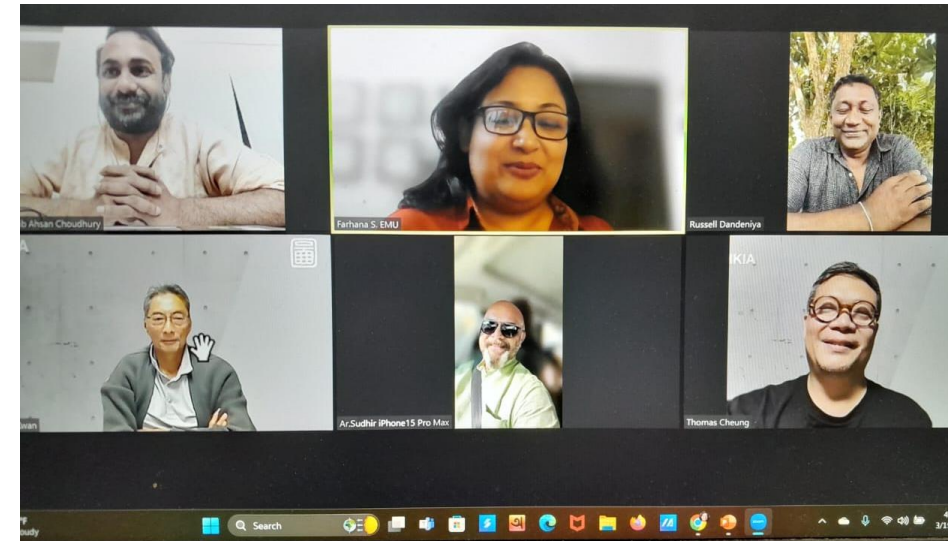

**Ar. Russell Dandeniya
2019-2021**

**Ar. Thomas Cheung
2022-2023**

SUMMARY OF THE ADVISORS' OPINIONS

- All four past chairs agreed upon the fact that the charter is the basic guiding principle of ACSR, and due to the changing wind, the charter should be reviewed / revisited. A group can be formed to review the charter.
- Advisory Panel can help the committee to perform in a more structured way. Developing a guideline and reforming the extended groups can be under the reviewed charter and themes.
- Urged the necessity of the structure for the groups under ACSR . The add on groups can be seen as different tasks. ACSR need not have more committees. Not all member institutes need to join each group.
- AEA and AHPG can be separated as individual committees or be part of ACSR in future .It's up to the Council to decide.
- The idea of working with the architects who work for marginalized community is good since it seems to be very much under ACSR.
- Getting the woman in the practice is a very pertinent topic. But different countries have differences in family culture and other ways with influencing women in leadership in architectural practice. We should be careful while touching anything sensitive like gender.
- Ar.Joseph ad Ar.Sudhir will oversee the task of review of the Charter.

ACSR ADVISORS' MEETING DATE 19 MARCH 2024

ACSR CHARTER TASKFORCE

- **BRIEF OVER VIEW**

The Task Force team was established with the mandate to **review and update** the ARCASIA Charter on Social Responsibility. This involves **assessing** the current charter, **identifying** areas for **improvement or clarification**, and **proposing amendments** to ensure its relevance and effectiveness in promoting social responsibility in architecture.

The efforts of the taskforce were focused on enhancing the charter to make it more user-friendly and appealing. Key updates include:

- **Improved Format:** Summaries, infographics, and color-coded chapters were incorporated to enhance accessibility.
- **Expanded Examples:** Recent award-winning projects and initiatives were added, highlighting the mission and vision of social responsibility.
- **Preservation of Core Content:** All original chapters have been retained, ensuring the document remains true to its foundational values.

ACSR Charter Taskforce aimed to create a contemporary, accessible, and impactful document that will serve future generations effectively.

PROGRAM OF ACSR DURING ARCASIA FORUM 22 IN COLOMBO

Khondaker Hasibul Kabir

Kabir, who is an architect and landscape architect by training, introduces himself as a community architect. He is the co-founder of Co.Creation.Architects (CCA) that works with human and non-human communities to co-create better built and natural habitats. His practice received the Aga Khan Award for Architecture and UIA 2030 Award in 2022 for co-creation of Urban River Spaces in Jhenaidah, Bangladesh. He is a core team member of Platform of Community Action and Architecture (POCAA) and Community Architects Network (CAN). He teaches landscape and architecture at BRAC University. His fields of interests are ecological landscape, community-led housing and people-led city planning.

how and what ACSR under ARCASIA can do to be with the marginalized community at large.

Topic A: Architecture with Marginalized Communities

1. Form a Regional Network of Community Architects
2. Organize Co-creation Workshops in different scale with different groups
3. Continuous engagement of academia and practice with the marginalized communities to address real problems and possibilities
4. Sharing and exchange visits nationally and regionally (marge with co-creation workshops)
5. Create fund to do the above (ARCASIA fiscal year fund, National fiscal year matching fund, collective savings of architects and marginalized communities)
6. ACSR team should visit the community-led activities

Proposal from ASA

ASA can host the forum or workshop along with site visit, close to what ACSR has discussed, can be arranged during ASA EXPO in April 29 ,2025.
